STATE LEGISLATURE.

SEVENTY-FOURTH DAY'S PROCEEDINGS.

SENATE.

MONDAY, March 8.—The Senate assembled at 11 A. M.
The President announced that agreeably to the provisions of Section 2 Article III of the Constitution of the State, the following had become laws, the same not having been returned to this body within the limit of three days: An Act to change the location of the County seat of Barnwell County from Barnwell Court House to Blackville, S. C.; an Act to enable the Savannah and Charleston Railroad Company to complete their road.
The House sent to the Senate a concurrent resolution instructing the State Printer to print 2,000 copies of an Act to organize townships, and to define their powers and privileges, for distribution among the State officers of the various townships. Concurred in.
Also, a bill to repeal the tenth Section of an Act entitled "An Act to appoint a Board of Commissioners for the city of Charleston, and for other purposes." Ordered for consideration to-morrow.
The petition of Wm. F. Ervin, of Spartanburg County, praying the General Assembly to recommend to the Congress of the United States the removal of his political disabilities, was referred.
The Committee on Enrolled Acts, reported as duly and correctly enrolled, sealed and ready for ratification, an Act to ratify, confirm and amend the charter of the Charleston, South Carolina, Mining and Manufacturing Company.
The Committee on Education, to whom was referred the memorial of the Dean and Faculty of the Medical College of the State of South Carolina and a counter-memorial and reply on the part of the Chairman and Faculty of the University of South Carolina to the memorial of the Dean and Faculty of the Medical College of the State of South Carolina, reported back the same, with a request that the Committee be discharged from the further consideration of the said documents, as the subject matter referred to in the aforesaid papers is now a dead issue, having been decided by the passage of an Act further to amend the Acts incorporating the University of South Carolina.
The same Committee, to whom was referred Message No. 7 of the Governor relative to the University of South Carolina, reported back the same, with a request that the Committee be discharged, the suggestions contained in said message having been carried out in the provisions of the Act entitled "An Act further to amend the Acts incorporating the University of South Carolina."
The rules were suspended, the reports considered immediately, agreed to, and the committee discharged.
The Committee on Enrolled Acts, reported as duly enrolled, sealed and ready for ratification, the Act to establish the lien of Magistrates' executions.
A bill to provide for an enumeration of the inhabitants in the State received its third reading, passed, and was ordered to be sent to the House.
The bill to alter and amend an Act entitled "An Act to organize the Circuit Courts" received its first reading, was ordered for a second reading and consideration to-morrow.

HOUSE OF REPRESENTATIVES.

The House met at 11 A. M.
A bill was introduced to provide the mode and terms on which the property and stock of the Laurens Railroad Company subject to lien in favor of the State may be sold. Referred.
The Committee on the Judiciary, reported favorably on a Senate bill to prevent and punish dueling. Also, favorably on a Senate bill to empower the Judges of the Circuit Courts to grant relief in cases of erroneous judgments obtained during the existence of the Provisional Government of South Carolina. Also, favorably on a Senate bill to repeal an Act entitled "An Act to prevent persons holding certain offices of emolument from leaving the State."
A message was received from the Governor laying before the House a communication from E. R. Dorsey, General Freight and Ticket Agent, to C. J. Stolbrand, Superintendent South Carolina Penitentiary, dated March 4, stating that, on account of the refusal of the State Treas-

urer to pay the transportation orders issued by your predecessor and yourself for the transportation of discharged convicts, this road and the Columbia and Augusta Road will, after this date, decline to receive such orders for transportation. Received as information, and referred.
The Committee on Enrolled Acts, reported as duly and correctly engrossed for a third reading a bill to vest in Isaac G. Long the charter of a water course through Kingston Lake and Maple Swamp, in Horry County. Read the third time, passed, and ordered to be sent to the Senate. Also, a Senate joint resolution to provide for the fitting up of certain portions of the State House. Read a third time, passed, and ordered to be enrolled. Also, a bill to establish a lazaretto or quarantine hospital in the harbor of Charleston. The title was amended by striking out the words "and for other purposes," when the bill was read the third time, passed, and ordered to be sent to the Senate.

Special Notices.

A MALARIOUS MONTH.

March, that gives us a new President, is also the inaugural month of many harassing disorders. Entangled in its fogs are the seeds of coughs, colds, and of that alternation of frigidity and fire, more widely known than admired, called fever and ague. The only way to avoid these "little unpleasantnesses," is to render the system strong enough to fight off the atmospheric poison that produces them, and the best way to endow it with this repellent power is to tone it with HOSTETTER'S STOMACH BITTERS.

If a way-farer were credibly informed that a ruffian was waiting at the next corner, he would doubtless turn in his tracks, and take a safer route to his destination. With just about the same amount of trouble, the attacks of diseases prevalent at this season may be evaded. Nay, the trouble will be less, for drug stores lie in every one's route, and every respectable druggist in the Union keeps on hand HOSTETTER'S BITTERS. The article is a staple of trade, and it would be as easy to find a grocery without sugar, as the store of an apothecary without this popular tonic remedy.

In view of the experience of the nation with regard to the article, during the space of twenty years, it seems almost unnecessary to recapitulate its merits to Americans. But as our population is increasing at the rate of 2,000,000 a year, in the natural way and by immigration, it may be as well to hint to the rising generation and new arrivals, (the old settlers know all about it,) that HOSTETTER'S STOMACH BITTERS is the most wholesome and potent vegetable tonic ever manufactured; that it is a specific for debility, dyspepsia, biliousness, and miasmatic fevers; that it prevents, as well as cures, these complaints and their complications; that it is not "bad to take," and is absolutely harmless. To Consumptives.

The advertiser, having been restored to health in a few weeks, by a very simple remedy—after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used, (free of charge,) with the directions for preparing and using the same, which they will find a SURE CURE FOR CONSUMPTION, ASTHMA, BRONCHITIS, &c. The object of the advertiser in sending the prescription, is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address

A pocket edition of the above will be forwarded on receipt of 25 cents, by addressing Dr. CURTIS, No. 58 North Charles street, Baltimore, Md. May 27 1y

Globe Mutual Life Insurance Co., of N. Y.
CASH ASSETS JANUARY 1, 1869, \$1,171,000.
INCORPORATED 1864

Has been in operation but four years, during which time it has assured a larger amount than any Company in the United States, during a corresponding period of existence. One of the chief causes of its organization, was the forfeiture by several Northern Companies of the policies of Southerners, during the war. The leading officers of this Company protested against this injustice, and on its consummation, withdrew and organized the "GLOBE MUTUAL," on principles more liberal and just than those yet adopted by any other Insurance Company. In the event of death in battle or in a duel, the equitable value of the policy will be returned to the heirs. ALL other Companies forfeit it. In case of suicide, the FULL Policy is paid. No restriction on travel. This Company has, in its guarantee fund of \$500,000, an element of strength possessed by no other Company. It offers the entirely new feature of Probable Endowment, which gives the largest possible sum for the premium paid. No other Company possesses this feature. Insures children of any age. In the moderation of its premium rates, in the variety of its tables, in its dividends and in the security offered insurers, it invites comparison with any other Company.
